LaCie Data Bank

DESIGN BY F.A. PORSCHE

Our smallest hard drive available

POCKET ROADSTER

Our most compact hard disk ever (Design by F.A. Porsche), the LaCie Data Bank is the ideal traveller, driving up to 40GB at fast Hi-Speed USB 2.0 speeds. Weighing less than 5 ounces (140g), this jewel is barely larger than a credit card and thinner than a mobile phone (111mm x 63mm x 16mm / 4.4" x 2.5" x 0.629"). A masterpiece of understated elegance, the LaCie Data Bank comes with a sleek, ingot-shaped magnesium design.

UNMATCHED EASE OF USE

The LaCie Data Bank offers true plug and play connectivity, without the need for driver or software installation for Windows XP and Mac OS X users. The LaCie Data Bank can be powered by the interface bus – no power supply is needed. Simply connect the drive to your computer and use the power supplied by the USB or FireWire cable.

DUAL CONNECTIVITY

Hot-pluggable to easily share among cross-platform desktops, this lightweight, portable hard drive features Hi-Speed USB 2.0 connection (one mini USB connector), and compatibility with Macintosh and PC systems. Drives also available with 6-pin FireWire and Hi-Speed USB 2.0 connectivity.

HIGH-SPEED DATA TRANSFER

The LaCie Data Bank features the Hi-Speed USB 2.0 standard, which boasts transfer rates of up to 480Mbps while still maintaining backward compatibility with USB 1.1 devices. This powerful hard drive is also equipped with the blazing FireWire interface, delivering transfer rates of up to 400Mbps. These impressive speeds support backup and archival of digital audio, video, photos and data, as well as data sharing and information exchange.

Microsoft Windows Compatible

Mac

- Compact, portable storage
- Slender, magnesium design
- Power supply-free for true mobility
- FireWire and Hi-Speed USB 2.0 connectivity

FEATURES

- Storage capacity up to 40GB
- Stylish, ultra-compact, magnesium design
- True mobility (no need for external power supply)
- Hi-Speed USB 2.0 interface for universal connectivity
- Internal silicone rubber shock absorber
- Protective door minimizes dust; hides connectors during transportation
- Available with fast FireWire and Hi-Speed USB 2.0 ports

ACCESSORIES

- LaCie Storage Utilities CD-ROM including Silverlining drive management software and SilverKeeper backup software
- Hi-Speed USB 2.0 cable (12 cm/0.4 ft for laptop use)
- Hi-Speed USB 2.0 cable (60 cm/2.0 ft for desktop use)
- USB power sharing cable
- FireWire cable (6-to-6 pin)*
- Velvet carrying pouch

SYSTEM REQUIREMENTS

- Windows 98 SE, Windows 2000, Windows Me, or Windows XP
- Mac OS 9.x, or Mac OS 10.x
- Computer equipped with built-in FireWire, iLink/DV, USB 1.1 or USB 2.0 ports
- CD or DVD-ROM drive
